CNIC: 37201-4100729-9

Mailing Address: Bahadur Town, Mohallah Jaffarabad, Chakwal, Punjab.

CAREER OBJECTIVE

Computer Science graduate with expertise in React.js front-end development. Skilled in designing responsive interfaces, implementing interactive features, and ensuring cross-browser compatibility. Demonstrated project management autonomy through ongoing Udemy coursework. Strong problem-solving skills and solid foundational knowledge in computer science, poised to contribute to innovative technology projects.

EDUCATION

Air University Islamabad

BS Computer Science

2020 - 2024

Royal College of Sciences Chakwal

Intermediate F.Sc (Pre-Engineering)

Completed in 2020

FFMS#2 Chakwal

Matriculation

Completed in 2018

Final Year PROJECT

❖ Intelligent Learning Management System (ILMS)

Key Responsibilities:

- Developed and implemented the front-end of an Intelligent Learning Management System (ILMS) using React.js and Next.js.
- Designed responsive interfaces to enhance user experience across devices.
- Integrated interactive features such as quizzes, progress tracking, and personalized learning paths using React components.
- Implemented efficient state management with Redux to ensure data consistency and application performance.
- Ensured cross-browser compatibility and optimized performance for seamless navigation and responsiveness

❖ Notes Management System

Project Highlights:

Developed a React.js web application for note-taking, featuring CRUD operations (Create, Read, Update, Delete) and data persistence via local storage. Designed responsive interfaces for optimal user experience across devices.

Technologies Used:

- React.js
- JavaScript (ES6+)
- HTML5
- Tailwind CSS

Key Features:

- Note Management: Implemented CRUD operations for notes.
- User Interface: Designed intuitive and responsive interfaces using React components.
- Responsive Design: Ensured compatibility across various screen sizes and devices.

Learning Outcome:

- Enhanced proficiency in React.js, JavaScript, and frontend development.
- Acquired practical experience in application design, state management, and responsive web development.

TECHNICAL SKILLS

- | | | |
|-------------------------|--------------------------|-------------------------------|
| • Front-End Development | • Tailwind CSS | • State Management |
| • React.js | • Git | • Performance Optimization |
| • JavaScript | • GitHub | • Cross-Browser Compatibility |
| • HTML5 | • Visual Studio Code | • CRUD Operations |
| • CSS3 | • Chrome Developer Tools | |

OTHER SKILLS

Commitment to Continuous Learning: Pursuing software engineering courses on Udemy.

Self-Disciplined: Effective time management and focus, committed to continuous learning.

Self-Motivated and Hardworking: Independently completing Udemy courses, showing dedication and initiative.

Certification

- The Complete Web Development Bootcamp - Udemy
